Paytelligence, Inc. Acquires Paytelligence ERP Payment Processing for Sage Accpac

Paytelligence, Inc. to focus efforts on marketing and channel sales for powerful credit card processing module for Sage Accpac ERP.

Vancouver, BC—April 27, 2010—Paytelligence, Inc. today announced that it has acquired the Paytelligence ERP Payment Processing solution for Sage Accpac, originally developed by North49 Business Solutions Inc. Paytelligence, Inc. is headed by Rob McKay, formerly Director, Product Sales, for Sage North America in the Sage Accpac ERP division. Paytelligence, Inc. will provide additional development and promotional resources for the Paytelligence solution.

A Sage Certified Solution, Paytelligence is a powerful, easy to use, credit card processing module tightly integrated with Sage Accpac. Using Paytelligence, companies can process credit card and ACH payments quickly, securely, and seamlessly inside the Sage Accpac Order Entry and Accounts Receivable modules.

During the transition, North49 will provide technical support and training services for Paytelligence.

“Paytelligence, Inc. will have a singular focus on making the product the recognized leader in credit card processing solutions for Sage Accpac,” said Rob McKay, president. “With the additional resources available and our Sage business partner community, we will target new sales opportunities and grow Paytelligence and its reputation in the industry. Paytelligence, Inc. ensures uninterrupted support and ongoing development to keep the product performing optimally.”

###

About Paytelligence, Inc.

Paytelligence ERP Payment Processing, a Sage Certified Solution, is a powerful, easy to use, credit card processing module adding electronic payment processing functionality to Sage Accpac ERP. Originally developed by North49 Business Solutions, and now owned by and sold through Paytelligence, Inc. and its network of authorized resellers, Paytelligence is a feature-rich, secure, and tightly integrated solution for ACH and credit card processing.
